

## Elentra User Guide: **Resetting EPA Assessment Expiry Dates – For Program Directors and Administrators**

Every EPA assessment initiated in Elentra has a 7-day expiry date associated with it. This was implemented in order to encourage more timely completion of EPA assessments and more accurate ratings of resident performance. This decision was made in consultation with key stakeholders, our Best Practices in Evaluation & Assessment (BPEA) committee, and in consideration of Elentra assessment completion analyses.

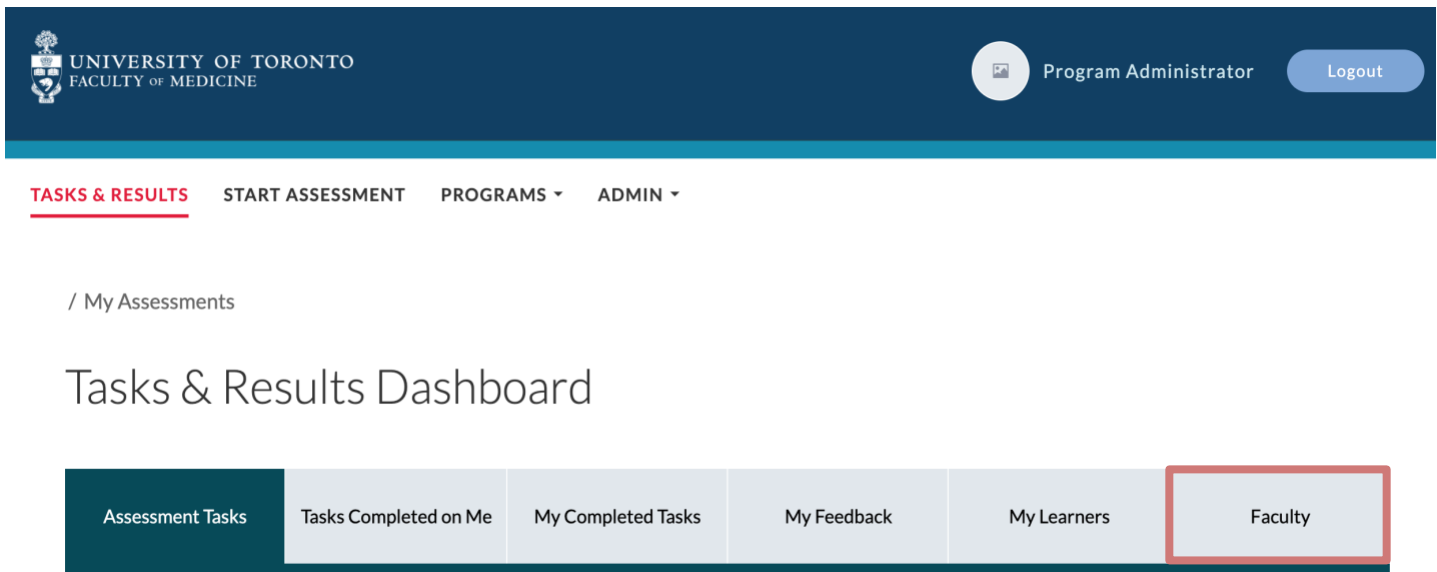

An EPA assessment therefore needs to be completed within 7-days of initiation, otherwise the assessment will become unavailable to both Learners and Assessors. The expiry date *can* be reset if needed, however, this function is only available to Program Directors and Administrators and should be used sparingly.

Please note: this enhancement was implemented on July 9<sup>th</sup> 2020. Thus, only EPA assessments triggered **after** this date will have an expiry.

### Learning Objective:

Learn how to reset an assessment's expiry date

1. Log in to **Elentra** using the following website: <https://meded.utoronto.ca/>
2. Navigate to the **Faculty** tab on the **Tasks & Results Dashboard**

The screenshot shows the Elentra interface. At the top left is the University of Toronto Faculty of Medicine logo. On the right, a user profile for 'Program Administrator' is shown with a 'Logout' button. Below the header is a navigation menu with 'TASKS & RESULTS' (highlighted in red), 'START ASSESSMENT', 'PROGRAMS', and 'ADMIN'. Below the menu is a breadcrumb trail '/ My Assessments'. The main heading is 'Tasks & Results Dashboard'. At the bottom, there is a horizontal bar with several tabs: 'Assessment Tasks', 'Tasks Completed on Me', 'My Completed Tasks', 'My Feedback', 'My Learners', and 'Faculty'. The 'Faculty' tab is highlighted with a red border.

There are two possible workflows for resetting expired assessment. We will walk you through both.

## Expiry Reset Instructions – Workflow 1

1. A view of all faculty who have completed EPA assessments on learners from the program (to date) will appear under the Faculty tab

### 3. Navigate to the **Current Tasks** tab of the faculty's Assessment Task page

/ My Assessments / Faculty One's Assessments

## Faculty One's Assessments

The screenshot shows a navigation bar with four tabs: 'Current Tasks' (highlighted with a red box), 'Completed Tasks', 'Upcoming Tasks', and 'Tasks Completed on Faculty'. Below the tabs is a search bar labeled 'Search Tasks...' and four filter buttons: 'Delivery Date', 'Delivery Start', 'Delivery End', and '+ Apply Filters'.

4. You will see the expiry date listed on each assessment 'card', as indicated by the red arrow below. The initial expiry is set to 7 days from the date of initiation (i.e. the "Delivered on" date in the screenshot below) and *not* the selected date of encounter. To reset the expiry, first select **Go** on the assessment task you want reset

The screenshot displays three assessment task cards. The third card, titled 'EPA ASSESSMENT FORM - F1 - ASSESS AND MANAGE STABLE PATIENTS', is highlighted with a red border. A red arrow points to the text 'Expires on Jul 3, 2020'. The 'Go' button at the bottom of this card is also highlighted with a red box.

5. Navigate to the **Reset Expiry** button located in the top right hand of the page to extend the expiry date by 7 days from the date of reset

Complete the assessment now on this device. The assessor will receive a confirmation email upon submission.

6. Select the **Reset Expiry** button to confirm that you want the assessment's expiry date to be extended by +7 days from the date of reset\*

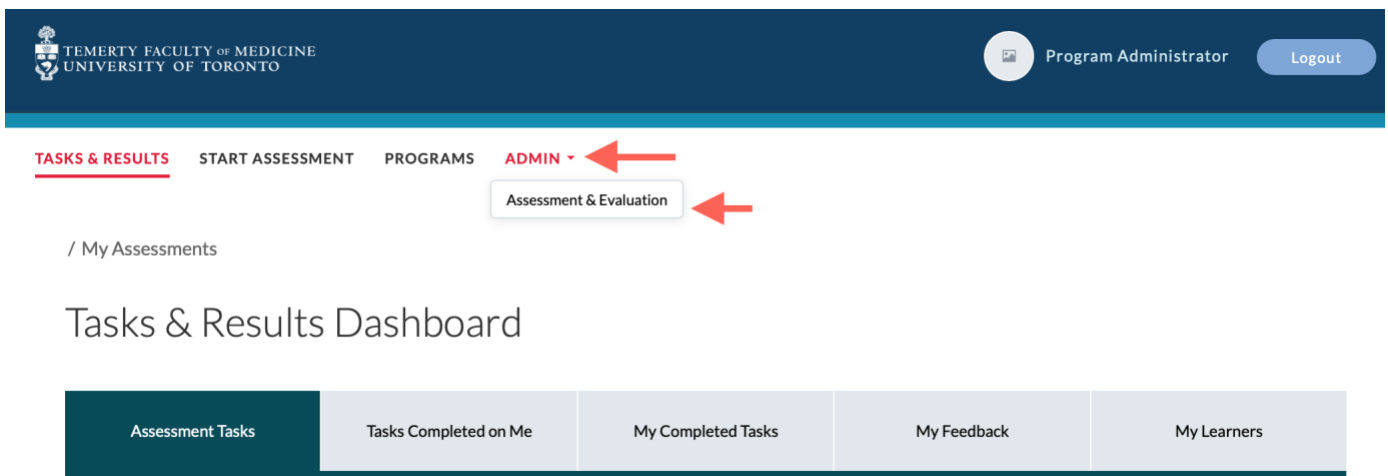

\*For example: If the expiry date for an assessment is July 3 and you reset the task expiry date on July 7, the new expiry will be July 14 (+7 days from the date **you reset the task expiry**).

## Expiry Reset Instructions – Workflow 2

All expired assessments for your program, can be viewed under the 'Expiry Tab'. To find the expiry tab and reset expired assessments using this workflow, see steps below:

1. Go to **Admin** and select **Assessment and Evaluation**

- Go to the **Expired** tab under Assessments. You can reset these assessments by clicking on the assessment link (under the “task” column, as shown below) to open up the form

## Deleting Multiple Expired Assessments

To delete expired multiple expired assessments, you can individually select each task that needs to be deleted by clicking on the box in the last column of the Expired tab and selecting the Delete Task(s) button (see instructions above on how to access), per screenshot below.

### Assessment & Evaluation

The screenshot shows the 'Assessment & Evaluation' interface. At the top, there are three tabs: 'Assessments', 'Evaluations', and 'Reports'. Below this is the 'Assessment Tasks' section. The 'Expired' tab is selected, showing 490 tasks. There are filters for 'Outstanding' (54), 'Upcoming' (13), 'Deleted' (440), 'Completed' (973), and 'Prompted Responses'. A search bar and date filters are also present. A red box highlights the 'Delete Task(s)' button. Below the button is a table with the following data:

| TASK   | OWNER  | TARGETS |                                     |
|--|--------|---------|-------------------------------------|
| Assessment   2021-08-31   EPA Assessment Form - C  | User 1 | 1       | <input type="checkbox"/>            |
| Assessment   2021-08-31   EPA Assessment Form - C3 | User 2 | 1       | <input checked="" type="checkbox"/> |
| Assessment   2021-08-31   EPA Assessment Form - D  | User 3 | 1       | <input type="checkbox"/>            |
| Assessment   2021-08-31   EPA Assessment Form - D  | User 4 | 1       | <input type="checkbox"/>            |
| Assessment   2021-08-31   EPA Assessment Form - D  | User 5 | 1       | <input type="checkbox"/>            |

### An Important Note Regarding Multiple Resets of an Expired Assessment

You **cannot** reset the expiry date multiple times. You may only add an additional 7 days (i.e. 1 reset maximum) to an assessment. This ensures the timely completion and more accurate rating of resident performance.
